Brownsboro was in business at the Lorena 34.

But a Bears fumble after a completed pass gave the ball back to the Leopards at the Lorena 20 with 2:21 left in the game and the Bears never saw the ball again.

After being shutout in the first quarter, the Leopards started pounding the ball down the field. They opened the second period with a two-yard scoring run by Ward.

A nine-play, 46-yard

drive resulted in Ward's second touchdown of the period, also from two yards out, with 5:37 left in the half.

Brownsboro gave up the next points with a fumble in the end zone during a punt. It resulted in a safety for Lorena and a 16-0 lead.

After Brownsboro's free kick following the play, the Leopards took only two plays to cover 54 yards. After a one-yard carry, Ward rumbled the final 53 for the score and Lorena added a two-point conversion for a

24-0 lead.

Following the final gun, Settle gathered the team in a circle at the 30-yard line, speaking his final words of the season.

Monday, he said he didn't have any complaints about the work ethic of his players.

"We're upset that we lost, but we can be proud of our season," Settle said. "I was proud of our effort. Things just happened (Saturday). Our kids gave us great effort every night for 11 weeks, and that's all you can ask."

named to the first team on the All-District list, while Abby Hernandez and Catie Collins were named to the second team.

Also, five Bearettes were honored with a selection to another exclusive list — the District 20AAA All-Academic team.

Scarborough, Chambers, Holt and Shaffer, along with Alex Conway, are members of that 2009 list.

Daughtry said those selected to the All-Academic list have to have a 90 grade point average or higher.

The naming of members to both honors teams capped an exceptional season for the Bearettes.

It also marks the last time this particular group in this particular sport, volleyball, will be together after a long time working together as a unit.

Of the nine members of

the Bearettes varsity volleyball team, all but Shaffer are seniors and will be graduating at the end of this school year.

Their departure leaves their coach with mixed emotions.

"Bittersweet? Yeah, that's correct," Daughtry said. "It was a great group of girls I've had for four years."

"They're all like my own kiddos. It's hard to lose that many at one time."

ENDING

not going to be very good at.

My wife told me the guy had left a number ... we looked at each other ... and I said, "You think he's going to offer me a job?"

To which she answered, "That's the same thing that crossed my mind."

He did and I became the editor of my hometown newspaper without having any other prior experience other than a few months of freebie sports coverage.

So I started there, turning out (it's a weekly, too) the third issue of January and I've been doing this ever

since.

I covered the Bobcats through the 1996 season, took a job at the *Corsicana Daily Sun*, where I worked through August 2008. I would go back to covering the Bobcats (for the *Corsicana* paper, this time) in 1997 and continued through 2002, I believe.

So, I've gone through regular seasons of covering a team before. I've covered a lot of playoff games, since Kerens usually makes the playoffs. Helping out the *Corsicana* newspaper's sports department (I was a news reporter for them) I covered other teams, on occasion, other

than Kerens.

I've seen the thrilling wins, blowout wins, the losses that hurt, and the losses that shouldn't have happened (bad referee calls at critical moments).

And I've suffered the let-down at the end of a season of not having the hoopla and real-life pageantry of high school football in Texas.

And I've missed it right away at the end of each of those seasons.

I never expected I'd be in that position again.

But it was fun. To the Bears players, appreciate you putting up with me, guys.
